

**GLOBAL CONSERVATION CORPS**

BRIDGING THE GAP BETWEEN COMMUNITIES AND WILDLIFE

# OUR MISSION

We are the Global Conservation Corps, a 501(C)3 that is dedicated to conserving wildlife through education and empowering people.

Few know that the communities surrounding wildlife reserves rarely have access to them. Children grow up never seeing wildlife, leaving them disconnected from their national heritage and susceptible to bribing by crime syndicates.

GCC works in these communities to turn these future poachers into Future Rangers.

# THE PROBLEM

We are rapidly losing wildlife.

8500

species  
threatened with  
extinction

60%

global wildlife  
lost over the past  
40 years

10%

of the planet will  
remain pristine  
by 2050

2026

projected  
extinction year of  
the rhino with the  
current rate of  
poaching

680

poachers  
arrested/killed in  
South Africa in  
2016

# OUR SOLUTION

The present

Spreading the word

The future

*"ONE DAY YOUR CHILD ASKS YOU, 'SO WHAT DID YOU DO WHEN THIS WAR WAS GOING ON?'*

*AND YOU SAY, 'I DID NOTHING.'*

*SURELY THAT IS NOT AN ANSWER."*

~DR. JOHAN MARAIS

# RHINO MAN THE MOVIE...

Spreading the word

...is a documentary film that highlights the immense role rangers play as the final line of defense in the lives of African wildlife.

## BETTER HEROES

In many African communities, poachers are glorified as Robin Hoods, taking from the rich and giving to the poor. As GCC's flagship work, RHINO MAN will combat this by giving the African youth and local communities new heroes in conservation.

We will showcase the rangers of RHINO MAN, their humanity, and their dedication to the courageous and necessary work they do.

# RANGERS

The present

over  
**1,000**  
rangers  
killed in 10  
years

Rangers risk their lives every day to stand between a poacher and Africa's treasured animals.

They are allowing us the time to save wildlife.

They are under-funded, under-supported, and alienated by their communities.

They need your support.

# FUTURE RANGERS

The future

Rose-ringed Parakeet  
*Ptilinopus krameri*

“THERE IS STILL HOPE. IT’S OUR JOB TO INSPIRE THE  
NEXT GENERATION OF RANGERS.”  
~ANTON MZIMBA

# OUR IMPACT

5  
years in production

50  
pairs of brand new  
Garmont boots  
donated

4  
Future Rangers  
schools

50  
Tactical Swiza Knives  
donated

4  
local educators  
employed full-time

Potential to reach  
**millions**  
of viewers

50  
Tissot smart watches  
donated

**2,000+**  
students reached  
with weekly  
environmental  
education and  
mentorship

A full-page photograph of a rhinoceros in a savanna landscape. The rhino is dark grey with thick, wrinkled skin and two prominent horns. It is standing in tall, dry grass, facing right. The background consists of a dense line of green trees and bushes under a soft, golden light, suggesting late afternoon or early morning.

"IF THE RHINO DOES NOT MAKE IT,  
NOT ONE OF US WILL BE LOOKING BACK SAYING, WE DIDN'T  
GIVE OUR BEST EFFORT."

~RUBEN DE KOCK
